

# Get involved in the City's redistricting process!

*Current districts  
in the City of Marina*

Join the City of Marina on July 6 at 6:30 p.m. for the first redistricting public hearing. The Zoom is available at [MapMarina.org](https://www.mapmarina.org).

## What is redistricting?

Redistricting occurs every 10 years following the release of the Census results. It redraws district lines based on population changes indicated in the Census at the State, County and City levels.

Residents can submit maps of their own neighborhood, propose a Council district or sketch an entire citywide map of 4 Council districts.

Submit public comments, including suggested draft maps, by emailing: [RedistrictingMarina@CityOfMarina.org](mailto:RedistrictingMarina@CityOfMarina.org).

Learn more about the redistricting process at [MapMarina.org](https://www.mapmarina.org).
